

Why Spaciotempo?

Quality Service Resource Expertise Credibility

Quality Buildings are always calculated to meet British Safety Standards.
We invest in the highest possible construction training standards.
All Site Managers and Supervisors are directly employed by Spaciotempo.
We only use first class, proven sub-contractors.

Service Service provider and facilitator.
Routine maintenance inspections on request.
Bespoke maintenance programmes with service schedules and call-outs.
Full Planning service.
Dedicated resource to manage larger projects.

Resource Specialist R&D and manufacturing divisions ensuring tailor-made solutions.
Long-term proven partnerships with an extensive range of suppliers creating options such as mezzanine floors, lifts, speciality flooring systems, multi-roomed structures and 'links' to permanent structures.
Extensive stock providing standard rapid off-the shelf solutions.

Expertise The first aluminium temporary building supplier in the UK, established for over twenty years.
A pool of internal knowledge, experience and skill to draw on.

Credibility Complete transparency and no hidden costs.
