Sustainability Policy 2017

GL events UK recognises it's operations can have economic, environmental and social impacts We are committed to assessing and addressing our significant sustainability risks and opportunities. We will:

- Comply with all relevant regulatory requirements
- Keep up to date with sustainable best practice by involvement with industry forums and external bodies, integrating best practice into our business management system
- Actively encourage our suppliers, sub-contractors and employees to deliver sustainable events
- Conserve and minimise our use of resources
- Prevent degradation of the environments where we work
- Measure, monitor and reduce our energy usage
- Recycle and reclaim materials wherever possible to reduce our carbon footprint
- Manage waste generated from our operations through re-use, reduction and re-cycling
- Measure our impacts via the safety, health, environmental and quality data, customer surveys and financial performance

This policy as a minimum will be reviewed annually by the Senior Management Team (SMT). It is available to all employees through the company Intranet and available to any interested party on the GL events UK website.
