Specification Sheet

High Bay LED

Specifically designed for large area warehouse and factory lighting, utilising Philips Lumiled LUXEON 3030 2D LED, a high performance LED chip which is extremely stable in a wide temperature range, maintaining light levels throughout the life of the fitting. The Meanwell HBG series power supply, offers built in power factor correction, temperature and surge protection, and a 5 year warranty as standard.

» Voltage Range:	85-305V AC
» Case Material:	Aluminum
» IP Rating:	40/65
» Lumen Output:	19830
» Colour Rendering:	70/80
» LED Consumption:	150W
» Power Consumption:	163.9W
» Beam Angle:	120°
» Operating Temperature:	-40 to +45°C
» Warranty:	5 Yr
» Colour Temperature:	4000/5000/6000° K
» Power Factor:	0.95
» Weight:	6.5Kg
