REQUIREMENT

Edina Manufacturing Ltd turned to Spaciotempo for a temporary warehouse due to their recent business expansion. Alongside our in-house designer, we provided Edina Manufacturing with a 30m by 35m temporary warehouse on a 6m eave.

Edina Manufacturing Ltd

Temporary Warehouse

SOLUTION:

Edina Manufacturing Ltd are the leading total solutions provider for chp, gas and diesel power generation. They turned to Spaciotempo for a temporary warehouse due to their recent business expansion. They needed an area that they could keep stock dry and protected from the weather. After their enquiry, our Ireland based Area Sales Manager Phil, visited their site.

Using our own in-house operations team and qualified installation staff, Edina Manufacturing had peace of mind, knowing that all on-site personnel were fully trained and compliant with H&S regulations. Within a few weeks Edina Manufacturing Ltd had their new 30m by 35m temporary warehouse on a 6m eave, ready for them to expand as a company and not worry about breathing space.

They needed flexibility due to the uncertainty of the demand that they were experiencing, so moved forward with one of our hire contracts. This offered them the ideal solution, with small monthly instalments, it meant their financial stress was reduced and they could concentrate on their day to day business.
