## Temporary Warehouse

### FACT FILE

**Who:** Montague Jenuese

**Where:** Port Talbot, West Glamorgan

**Size:** 10m x 20m on a 4m eave

**Use:** Temporary warehouse

**Why:** Needed extra storage space for stock

### REQUIREMENT

Global retailer Montagne Jeunesse contacted Spaciotempo requiring a temporary building that was secure and dry for their stock. We provided them with a 10m by 20m temporary warehouse on a 4m eave. This enabled them to continue with business without the worry of lack of space.

## Temporary Warehouse

### SOLUTION:

Global beauty retailer Montagne Jeunesse supply a range of products to over 10000 international retail chains. Due to an increase in demand, their stock levels needed to be increased however, they lacked a secure, dry storage area.

As a result, they approached us with their enquiry and our Area Sales Manager Adam, visited their site. Following their requirements our in-house CAD designer created a drawing and the building began to be

manufactured. As we use our own in-house operations teams and highly qualified installation staff, Montagne Jeunesse had peace of mind, knowing they were in staff qualified hands - as all on-site personnel were fully trained and compliant with H&S regulations.

Within a few weeks Montagne Jeunesse had their 10m by 20m temporary warehouse on a 4m eave, which fitted perfectly on their site. This consisted of, an aluminium

Neivalu frame, calculated to meet British Safety Standards, Wind Loading BS6399 and General Snow Loading BS6399, the same as a permanent building. A thermo roof, single steel sheet cladding, roller shutter and personnel doors, guttering and LED discuss lights. In total, their new temporary warehouse provided Montagne Jeunesse with an additional 200sqm of fully secure and weather proofed, temporary storage.
